On 8.24.2011, the Democratic Party of Wisconsin received a Request for Additional Information. We were asked to address five specific items. Our responses are outlined below:

1.Schedule B and H4 of our report discloses payments for ?Intern Stipend.? These expenditures do not represent reimbursements to any individuals for travel or other expenditures.

2.Schedule H4 supporting line 21(a) of our report discloses payments for ?Robocalls,? ?sign printing? and ?billboard.? These public communications did not identify a candidate for Federal office and do not meet the definition of Federal Election Activity or activities in connection with a federal election.

3.Schedule H4 supporting Line 21 (a) discloses payments for ?health care reimbursement,? ?dental and life insurance,? ?health insurance premiums,? ?salary? and ?FICA match.? These salaries, wages and fringe benefits were for employees who spent less than 25% of their compensated time in a given month on Federal Election Activity or activities in connection with a Federal Election.

4.Schedule H4 of our report discloses \$1083.33 in payments for ?Consultant? to individuals. This consultant spent less than 25% of their time in March on Federal Election Activity or activities in connection with a Federal election.

5.On Schedule H4 the expenditures made for ?voter file consulting? and ?RoboSurveys? were expenditures that were not made for activity that promotes or opposes a Federal candidate. ?Voter file consulting? refers to the payments we make to consultants to improve our voter file database. ?RoboSurveys? are electronic telephone surveys conducted to gage public opinion or gather information. Again, these particular surveys conducted in March were not used on Federal Election Activity or any activities in connection with a Federal election.
